

ASTM E-1 steel chemical information, mechanical properties, physical properties, mechanical properties, heat treatment, and Micro structure, We can produce round bars, forged rings, forged cakes, flat bars, tubes, sheets, plates, steel wires, steel strips, steel coils, etc. The size can be customized, the maximum order quantity is 100Kg. It also contains the use of **ASTM E-1**, such as it is commonly used in bars, sheet, plates, steel coils, steel pipes, forged and other materials application.
